Wedding Cakes

Two tier start at £150

Three tier start at £200

Four tier start at £300

Prices very much depend on flavour, design, detail and the size so the above prices are a very rough guide. Wedding cakes can vary from £125 all the way up to £450 however if you have a budget I always do my best to fit in your requirements around that.

I offer a Wedding cupcake taster box (prices below) that gives you a chance to try the variety of flavours before deciding on which flavours you'd like for the cake on your big day! Should you wish to proceed with the order once quoted I deduct the taster box price from the final price – my way of saying thank you for choosing me to bake the cake for your special day!

12 cupcake Wedding taster box - 3 flavours £15
6 cupcake Wedding taster box - 2 flavours £10

*Gluten free available for all flavours
The (D) applies to the flavours available as dairy free*

*None of my cakes contain nuts unless requested
i.e. Carrot and walnut, however I do bake in a kitchen where nuts and nut based products are used.*
